PROFESSIONAL SUMMARY

Software Developer with hands-on experience in **Java, Spring Boot, React.js, Node.js, MySQL, REST APIs, HTML5, CSS3, JavaScript (ES6), Git, and Agile development**. Experienced in developing responsive web applications, integrating REST APIs, building HR management solutions, debugging applications, and implementing CRUD functionality. Passionate about building scalable enterprise applications and continuously improving software quality.

EDUCATION

BBA in Computer Applications (BBA-CA), ATSS CBSCA College, Pune – SPPU University

Graduation: 2024 | CGPA: 7.56

EXPERIENCE

Software Developer – TechTech Pvt Ltd (Nov 2025 – Present)

- Developed a responsive HR Management Portal featuring 5 core modules including Employee, Leave, and Ticket Management using React.js and Tailwind CSS. Built **Employee, Leave, and Ticket Management** modules with reusable React components.
- Integrated REST APIs via Axios and Fetch with Node.js/Express.js backend, enabling 3 key API integrations for seamless data exchange. Managed application state using React Hooks (useState, useEffect).
- Enhanced application state management by leveraging React Hooks (useState, useEffect), ensuring efficient data flow and UI updates through 2 key hooks.

Trainee Software Engineer – Cravita Technologies India Pvt Ltd (Dec 2024 – Jun 2025)

- Developed web applications using Java, Spring Boot, MySQL, HTML, CSS, and JavaScript across core product features.
- Built and integrated RESTful APIs, enabling smooth frontend-backend data communication.
- Implemented CRUD operations and optimized MySQL queries, improving database performance.
- Debugged, tested, and maintained applications to ensure stability and reliability.
- Collaborated with the development team using Git and Agile practices for version control and sprint delivery.

PROJECTS – (HR Solution Portal)

React.js, Tailwind CSS, Node.js, Express.js

- Built a responsive HR Management Portal with Employee, Leave, and Ticket Management modules using React.js, JavaScripts and Tailwind CSS.
- Developed reusable React components for each module to ensure scalability and consistency.
- Integrated REST APIs via Axios/Fetch with Node.js/Express backend for seamless data exchange.
- Managed application state using React Hooks (useState, useEffect) to improve UI responsiveness.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript (ES6), SQL

Frameworks: Spring Boot, Spring MVC, Hibernate, JPA, JSP, Servlets

Web Technologies: HTML5, CSS3, Bootstrap, React.js, Angular, REST APIs

Databases: MySQL, PL/SQL

Tools: Eclipse, STS, Maven, VS Code, Postman

Version Control: Git, GitHub

Concepts : Object-Oriented Programming (OOP), API Integration, CRUD Operations

CERTIFICATIONS

- Internship Certificate – Cravita Technologies India Pvt Ltd (2024–2025)
- Full-Stack Java Developer – FortuneCloud Technology (2025)
- Cybersafe Girl Cybersecurity Program (2024)
